WASHINGTON, D. C.
April 23, 1935.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: This is a report on an amendment to the Code of Fair Competition for the Cotton Textile Industry. Notice of Opportunity to be Heard on this amendment was published on March 20, 1935; only one objection was received within the given twenty day period ending April 9, 1935. The amendment, which is attached, was presented by duly qualified and authorized representatives of the Industry, complying with statutory requirements and being the duly constituted Code Authority under the provisions of the said Code for the said Industry.

The purpose of this amendment is to amplify the existing Section 2 of the Trade Practices Governing the Merchandising of Carded Cotton Yarn by requiring spinning mills to file certified reports of sales of carded cotton yarn whether such sales are made direct or through sales agents, thereby assuring more complete and accurate statistical data on this branch of the Industry.

The Deputy Administrator in his final report to the National Industrial Recovery Board on said amendment to said Code having found as herein set forth, and on the basis of all the proceedings in this matter;

The National Industrial Recovery Board finds that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of co-operative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving the standards of labor and by otherwise rehabilitating industry;

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof;

(c) The Code empowers the Code Authority to present the aforesaid amendment on behalf of the Industry as a whole.

(d) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons this amendment has been approved.

For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.

APRIL 23, 1935.

AMENDMENT TO CODE OF FAIR COMPETITION FOR THE COTTON TEXTILE INDUSTRY

Amend the Trade Practices governing the Merchandising of Cotton Carded Yarn by deleting the present Section 2 and substituting in lieu thereof a new Section 2 which reads as follows:

Spinning mills shall furnish duly certified reports each week to the Statistical Bureau of the Cotton-Textile Institute, Inc., 320 Broadway, New York City, of all sales of carded cotton yarn during the week immediately prior, irrespective of the manner in which such sales are negotiated, stating same by date of order, quantity and descriptions of yarn, delivery specifications, price to be paid, and terms of sale; indicating in the case of each sale negotiated through a selling agent, the name of the selling agent who negotiated such sale. Selling agents shall file similar reports as to all sales made on behalf of spinning mills. Spinning mills and selling agents shall separately report to the Institute all export sales giving, as to each export sale, the name of the exporter. Statistical reports shall be issued weekly by the Institute to all spinners and selling agents summarizing such statistical information received.
